

WHAT'S SO SMART ABOUT "XTRA" DENTAL BENEFITS?

It's important to maintain good dental health and visit the dentist regularly, but it's especially so for those with certain medical conditions. The **Dental Xtra** program provides enrolled University of Arkansas System members with additional dental benefits that have been shown to improve the overall health of those who have diabetes, coronary artery disease, suffered a stroke, oral cancer, Sjögren's syndrome and women who are pregnant.

Here's what's smart about Dental Xtra:

- Additional benefits paid at 100% when visiting a participating dentist
 - No coinsurance required when visiting an in-network dentist
 - No deductible
 - Does not count toward your calendar-year maximum
- Education about the additional benefits and improving your dental health
- Better health and well-being

ENROLL NOW — IT'S EASY!

If you have one of the conditions listed below, you can enroll online at uasdental.blueadvantagearkansas.com and select the "Enroll Now" button located in the Dental Xtra section.

Dental Xtra offers additional dental benefits for those with the following medical conditions at no additional cost.

Dental Xtra	Prophylaxis (cleanings) or periodontal maintenance visit every 3 months	Periodontal scaling, or scaling in the presence of gingival inflammation every 24 months	Pre-diagnostic oral cancer screening* every 6 months	Fluoride treatment* every 3 months
