

UAM OPERATING PROCEDURE 250.2

Re: Distance Education Policies

August 24, 2000

Revised: July 1, 2011

Revised: January 27, 2020

The University provides an opportunity for students to enhance their educational experiences and expand their academic knowledge by making available to them access to computer facilities and resources. This knowledge is made available through online courses, distance learning, satellite downlinks, and on-campus courses supplemented with electronic materials. UAM plans to provide its faculty and students with as many opportunities as possible for developing learning opportunities and expanding the university's offerings. UAM will offer strategically selected courses at a distance. In addition, UAM will receive via distance, selected courses and degree programs.
