

Southeast Arkansas Regional Science Fair

Format, Eligibility, and Application Process

The Southeast Arkansas Regional Science and Engineering Fair (SEARSF) will be held on Thursday, March 10, 2022.

Format:

The 2022 Southeast Arkansas Regional Science Fair will be held on the University of Arkansas at Monticello (UAM) campus.) Participant paperwork and other related research materials such as videos and pictures, etc. will be uploaded to the UAM Blackboard system. Category Judges will review students' submissions on the day of the fair. Winners will be announced, for each category, at the awards ceremony on the day of the fair. In addition, the overall fair winner will be sponsored to participate in the 2022 'hybrid' in-person and virtual Regeneron International Science and Engineering Fair.

Eligibility:

All high school juniors and seniors within the [territories](#) of the SEARSF are eligible to participate.

Application Process

To enter the competitions, you must submit the following materials:

- A. A complete folder of your paperwork, including typed research papers together with all the required forms relevant to the research contents. All forms should be filled out with all required dates and signatures. Mail all materials by USPS before March 1, 2022, to:
Dr. Ross Burrows P.O. Box 3480 Monticello, AR 71656.
- B. 6 clear and readable colored pictures of various parts of your poster. One of these pictures must show the overall look of your poster. **Send these pictures in “.jpeg” format by Email to the address: Burrows@uamont.edu by no later than March 1, 2022. Include your full name and school.**
