Dear Faculty and Staff,

UAM is committed to the safety and health of everyone in the campus community at all times. The attached campus reopening plan provides guidance and procedures to follow as we transition to a more normal working environment this summer. This plan addresses the months of June - early August.

The UAM Reopening Task Force is also nearing completion of a more comprehensive plan for the fall semester. That document will provide additional guidelines to faculty, staff and students for classroom and instructional support, housing, dining services, student and other campus activities, athletics and public events.

Please remember that all plans are based upon current conditions and could change contingent upon CDC and Arkansas Department of Health guidelines.

Should you have any questions, please don't hesitate to contact your supervisor for more information.

Thank you.

Peggy Doss  
UAM Chancellor
